Description

Andrea has entered a new age of creativity that combines ancient art forms and exciting innovative techniques. Flawless German optical quality water white crystal is hand etched and deeply carved with Andrea's original designs. Etched areas are layered with 23K yellow and 18K white gold foil and lined with fine enamels. Finally, a vibrant original watercolor wash is created by Andrea Smith and then suspended behind the crystal. The entire Objet'd'Art is placed in an elegant frame to house its beauty and creativity forever. This provocative image is signed and numbered. Although each gleaming multi-dimensional crystal relief is part of the edition, the individual watercolor wash give the crystal reliefs their own one-of-a-kind uniqueness.
