Description

Spring has sprung! The spring equinox brings life in the most beautiful forms. Inhale the freshness of the season & let it fill you with vitality. Exhale - letting go of all that was shed in autumn & bring with you all that has been learned in winter. Spring is a time for new beginnings, laying seed for the future & shining light into spaces yearning to grow. Nurture yourself & others knowing Mother Nature is supporting you. Our global community will thrive as each of us tend to our gardens - physically, mentally, emotionally & spiritually. A bounty of love & peace is not a dream but a reality. "Spring Portal" brings the beauty of this season into one's home & allows the viewer to stroll through the vibrant energy of spring.
