Condition: This sculpture is in perfect condition. Bronze Dimensions with Marble Base: Height 11 x Width 6 Marble size: 6 X 4 Height without base: 9 Weight : 9 LBS Description: Woman and Man - the sun on the right represents the woman, the slither of a moon on the left the man. I use the mythical language of fairy tales, yet years after its creation I became aware that it embodied the memory of a real life couple . She is all vitality and radiance, he appears more austere and thin, and feeds off and mirrors her energy. The lines flowing upwards from nose, eyebrow and cheek form a repetitive pattern that simultaneously gives energy, and integrates the two very different forms with each other.
