Description

Kimberly Daniels - "Christmas Snack - Santa Claus" - This is a charming Christmas image of a traditional Santa looking for the cookies and milk but finding that a rodent may have gotten there first! UV Painting print on a distressed decorative wood panel made of treated lumber gives this work of art a rustic feel. The weather resistant piece comes on 1.5" wood stretcher bars and is ready to hang outside or inside. It measures 9" x 12" x 2" .
