Kef! (b. 1989, Germany) "ANOTHER DIMENSION #3" (2019) Limited Edition Screenprint on 100% cotton paper. A large work of art featuring Kef's familiar black and white swirls in various proportions and intricate patterns dripping down onto the yellow sheet. It is hand signed by the artist in the lower right and hand numbered (27/150) in the lower left. The sheet measures 36 x 24 inches, and the work of art has been professionally encased in a sleek black frame measuring 41 x 29 inches. KEF! (given name: Simon Rohlen) approaches art as a spiritual practice and takes inspiration from nature, philosophy, and Buddhism. He began as a street/graffiti artist and has evolved into a global phenomenon. His work is smooth and harmonious, using swirling lines that are at once free-flowing and intricately abstract.
